

IADA Foundation Technology Grant for GAMA Aviation Design Challenge

School:

School Mailing Address:

Teacher Name:

Teacher contact information (phone & email):

What type of equipment is needed (laptop, joystick, both):

Have you previously participated in GAMA's Aviation Design Challenge? If yes, please describe experience with the program.

Tell us a little about your school/program and needs:

Please confirm, if awarded technology supplies, that you will participate and submit entries for 2027 and 2028:

A letter from your principal, acknowledging application for grant, is required to process application of this grant. Please include the letter with this application.

Acknowledgement: Please read the following information closely before finalizing application.: The IADA Foundation is providing this technology grant to provide schools in need with supplies to participate in the GAMA Aviation Design Challenge. Submitting an application does not guarantee that technologies will be granted as supplies are limited. The IADA Foundation and GAMA are not responsible for maintenance, upgrades, technical difficulties, etc. with the items provided. The recipient of any technology awarded is responsible for the items once received.

I have read the above material regarding the technology grant and acknowledge them.
